## INDIANS LOSE TO WHITE SOX

Risberg Plays Stellar Role in Game of Crucial Series

LEAGUE PARK, Cleveland, O., Sept. 23.—Twenty-seven thousand fans, the capacity of the ball park, were present when play started today in the first game of the Cleveland-White Sox series that is expected to decide the American league championship. Right field was left clear of spectators at Manager Speaker's request. Right field is a short field at best and Speaker figured it would restrict playing limits too much to allow the fans to take seats there.

Bagby, who has won 25 games for Cleveland this year, was the only pitcher to warm up for the Indians. White Sox left hander, was the White Sox' only pitching nominee.

So great was the demand for tickets for today's game that fans were bidding \$10 to \$12 for grandstand seats. One man was arrested, charged with being a scalper.

CRUCIAL SERIES. If Cleveland takes two of the games it is regarded as almost certain that the Indians have the flag won. They have only eleven more games to play—three with Chicago, four with St. Louis and four with Detroit. The White Sox must win the eight games remaining on their schedule to tie the local team.

Cleveland has won its last seven games and Chicago its last six. Both teams benefited by a rest yesterday and entered today's contest in fine physical condition and confident of victory.
